

Expert in Industrial Electric Heating
High Quality - Optimum Service

SOLIDS HEATING

Band Heaters

Energy-saving Band Heaters

Strip Heaters

Flexible Heaters

Infrared Emitters

Cartridge Heaters

Tubular Elements

Formable Coil Heaters

Cast Heaters

LIQUIDS HEATING

Screw plug, Flange, or Removable Immersion Heaters

Ceramic Core Heaters

Fluid Circulation Heaters

Electric Trace Heating

Belts for Drum Heating

Base Heaters

Drum Heaters

Flexible Belt 1000 Liters

HEATING FOR EXPLOSION PROOF AREAS

AIR HEATING

Convectors

Immersion Heaters

Cast Heaters

Cartridge Heaters

Fan Heaters

Industrial Convectors

Infrared Panels

Fan Convection Heaters

Heating Torch

Process Air Heaters

Belts for Drum Heating

Base Heaters

Flexible Belts

Band Heaters

Finned Heaters

Circular Air Duct Heaters

Pulsed Hot Air Generators

Tailor Made Air Duct Heaters

Spiraled Heaters

TEMPERATURE SENSORS & REGULATION

Thermocouples & Sensors

Accessories

Cables for Thermocouple

Control Panels

Heat Device for Control Panels

Thermostats with Bulb and Capillary

Bimetallic Energy Regulators

Proportional Controllers

PID Regulators

Static Relays

Thermostats with Bulb and Capillary, with Box

Bimetallic Thermostats

ACCESSORIES

Wires, Cables, Thermometers, Round and Flat Pin Plugs, Heat Insulators and Electrical Insulators, Adhesive Tapes, Fans...

ENGINEERING HEATING SYSTEMS

Infrared Emitters

Heating Tables

Ovens

Infrared Tunnels

SOME EXAMPLES OF APPLICATIONS...

Healthcare

Railway

Plastics

Food

Nuclear

Aeronautics

Household Appliances

Automotive

Beverage

Coking & Refining

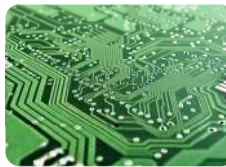

Chemistry

Air Conditioning

Electric Equipment

Computing & Electronics

Metalworking Industry

Packaging

Paper & Cardboard
